Moke Gardens

Affordable Housing Apartments

Healthy living

- Jogging track
- Cycling track
- Swimming pool
- Club house for parties and in door games
- Gym

The floors will be finished in ceramic tiles throughout – with tiles to dado level for the walls in the kitchens and bathrooms, good quality wardrobes and kitchen cabinets will be provided. The windows are large to allow ample natural lighting.

Why

Moke Gardens

Affordability

Having partnered with the government of Kenya through the Affordable Housing Projects initiative, Moke Gardens offers quality apartment units at very competitive rates, in the beautiful scenic savanna of Mavoko.

Accessibility

The proximity Nairobi CBD, being only a few minutes-drive, enables the home owner to enjoy the rich social amenities of the city while taking delight in a quiet and peaceful home environment. Athi river is serviced by both the meter gauge railway and the standard gauge railway from Nairobi to Mombasa. Athi river's accessibility will be improved further with the ongoing express way along Mombasa road with one lane being used for bus rapid transit (B.R.T.) which is to be completed in December 2022. Also located nearby is Daystar University, Lukenya get away, Pine Breeze get away, Small world country club.

Nature

The development enhances the tranquil and serene environment of the area. This concept is articulated also in the buildings through spacious fenestration that allow visual connection to the outdoor and ventilation enhanced.
